

Philosophy behind the sign work visualisation will be to reflect commitment to

Quality, Safety, Modernity and

Environment friendly nature

The Nestle company.

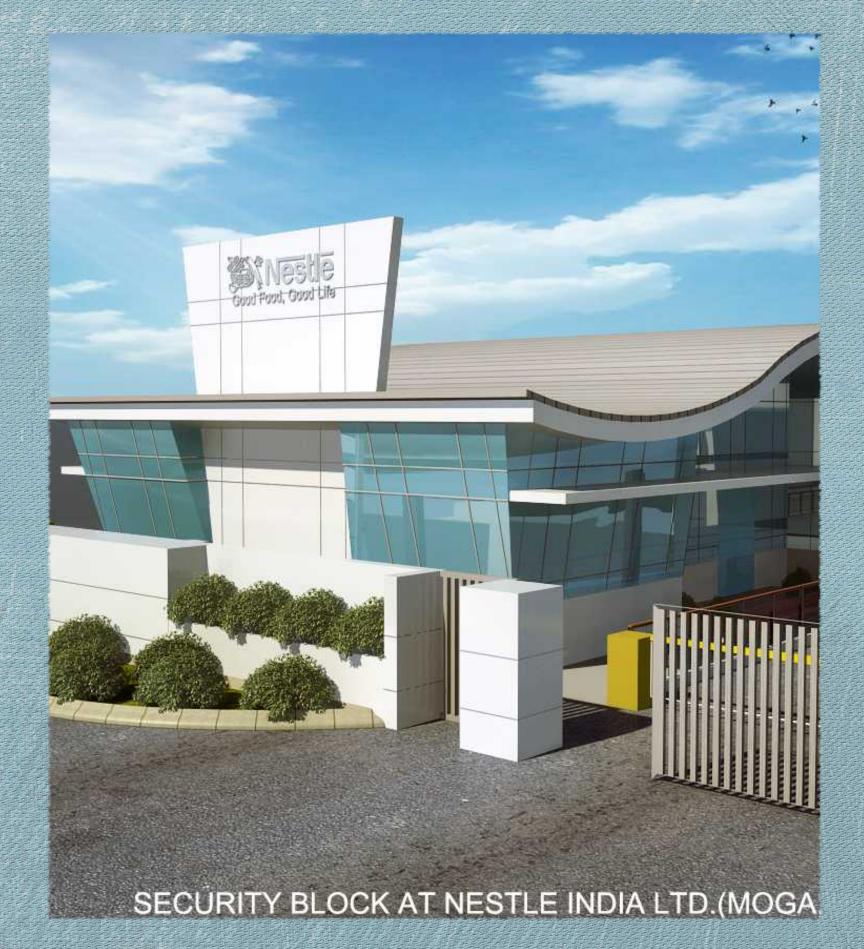

Balance between — Form and Functionality

shall be the key objectives of Sign design.

### The work will be done in five steps

- 1. Workout requirement at the site using a site plan.
- 2. Fine tune and refine the requirement at site with the client.
- 3. Manufacturing of Signage.
- 4. Quality check, packing and despatch.
- 5. Installation at site.

FOLKS DINTS BYSHERATOR
